FRONT OFFICE BANKING INTERNSHIP

Available January 2027 | Six-month final-year internship

Franco-Spanish aeronautical engineering student with a background in numerical analysis and Python, procurement support at PLD Space and international customer service experience. Seeking a front office banking internship combining analytical work with a client focus, with an interest in corporate finance and financial markets.

EDUCATION

IPSA - School of Air and Space Engineers | Toulouse, France

Diplôme d'ingénieur in progress | Vehicles track | 2022 - Present

- Coursework: numerical analysis, optimisation, finite element methods and aerodynamics.
- Space-module conceptual design integrating structures, propulsion and mission analysis.

Universidad de Zaragoza | Teruel, Spain | Summer 2025

Summer School in New Aviation and Space Technologies; industry sessions and practical workshops.

Lycée Français de Madrid | Madrid, Spain | 2019 - 2022

Scientific Baccalaureate: Mathematics and Engineering Sciences; Mention Bien.

EXPERIENCE

PLD Space | Alicante, Spain

Mechanical Engineering Intern | Jun 2026 - Present

- Contribute to the development and manufacturing of the MIURA 5 orbital launcher.
- Design mechanical parts in Siemens NX and support manufacturing and assembly.
- Support procurement of parts and materials, including supplier coordination, technical selection and purchasing.

Fujifilm Sonosite | Amsterdam, Netherlands

Logistics and Technical Support Intern | Jul - Aug 2024

- Developed a Python machine-learning model to rank inventory items by repair, update and review priority using service and expiry deadlines.
- Supported ultrasound-system diagnostics, repair and maintenance; reorganised warehouse inventory to improve product retrieval.

Black & Blue | Amsterdam, Netherlands

Waiter / Bartender | 2023 - 2024

- Served international customers in a fast-paced environment requiring clear communication, adaptability and teamwork.

EuroSpaceHub Forum | Ibiza, Spain

Event Logistics Volunteer | May 2023

- Coordinated speakers, event logistics and participant reception.

SKILLS AND LANGUAGES
