PROFILE

Franco-Spanish 4th-year aeronautical engineering student at IPSA Toulouse, specialising in aerospace systems, aerodynamics and applied mathematics. I cook, play tennis and football, and follow financial markets through research articles. I apply machine learning to personal projects at the intersection of science and finance. Motivated by international exposure and building things that work.

PROFESSIONAL EXPERIENCE

Intern – Logistics & Technical Support Jul. – Aug. 2024 (2 months)
Fujifilm Sonosite | *Amsterdam, Netherlands*

- Reorganised the entire warehouse by creating product groups and categories, enabling the team to locate and retrieve items significantly faster.
- Worked with the technical repair team assembling and disassembling customer ultrasound systems (diagnostics, repair, maintenance).
- Built a **Python machine learning model** that scored and ranked inventory items by repair, update or review priority based on service and expiry deadlines.

Waiter / Bartender 2023 – 2024
Black & Blue | *Amsterdam, Netherlands*

- Table service in a fast-paced environment; adaptability and teamwork under pressure.

Volunteer – Event Logistics May 2023
EuroSpaceHub Forum | *Ibiza, Spain*

- Coordinated speakers, managed logistics and welcomed participants.

Observation Internship 2019
Alstom | *Madrid, Spain*

- Visited operational units and attended management meetings.

EDUCATION

Engineering Cycle – Vehicles Track 2022 – Present
IPSA – School of Air and Space Engineers | *Toulouse, France*

- Aerodynamics: computational and experimental analysis of flat plates and automotive bodies.
- 3D modelling with CATIA V5 (parts, assemblies, technical drawings).
- Finite element methods, numerical analysis and optimisation.
- Academic project: conceptual design of a spatial module (structures, propulsion, mission analysis).

Scientific Baccalaureate – Mathematics & Engineering Sc. 2019 – 2022
Lycée Français de Madrid (LFM) | *Madrid, Spain*

TECHNICAL SKILLS

CAD / SIMULATION
CATIA V5 • STAR-CCM+ • ANSYS

PROGRAMMING
Python • MATLAB • Jupyter

DATA & ML
scikit-learn • pandas • numpy

OFFICE & DOCS
MS Office Suite • L^AT_EX

LANGUAGES

English Advanced ●●●●●

Italian Intermediate ●●●●●

INTERESTS

- 📈 Finance & Markets
- 🤖 Machine Learning
- ✈️ Aeronautics & Space
- 🍳 Cooking
- 🎾 Tennis
- ⚽ Football
- 🌍 Travel

KEY STRENGTHS

- ★ Analytical thinking
- ★ Adaptability
- ★ Cross-functional teamwork
- ★ Autonomous & proactive
- ★ Multicultural mindset

NATIONALITY

🇫🇷 Franco-Spanish dual national
